Lancaster, Ky.

Quit reading your neighbor's paper, read your own this year. Send up your subscription for the Record for 1911.

W. R. Gott has opened a pool room in the building on the north side of the public square recently vacated by the soft drink stand.

The Cincinnati daily Post and the Record both for one year for \$2.50. The weekly Courier Journal and the Record, both for one year for \$1.50.

Mr. J. E. Nevius has a nice cottage near completion on Water street, and which he will occupy, and will enlarge and rent his home on Lexington Ave.

The Record has just purchased a lot of new body type which is to be used on the paper. We are sparing neither trouble nor expense to improve our columns during this year.

Judge Lewis L. Walker spent Sunday at home. This is his last week of this term of the Boyle circuit court, and on next Monday he goes to Harrodsburg for a three weeks term.

Sheriff McCarthy came over from Stanford Saturday night in search of George McRoberts, colored, charged with forging the name of a Mrs. Gouch to a check. With the assistance of Marshal Herron the party was easily located and taken in custody.

The local Street Committee is having rock spread around town where they are most needed. The streets are in unusually good condition for this time of year, but this is the only way to keep them in that condition. A stitch in time saves nine.

Beginning February first, Rural route No. 1 out of Lancaster will be extended from Hackley to Nina three times a week, Tuesday, Thursday and Saturday. People residing along the road between the residence of Mr. C. S. Ballew and Nina, who erect boxes, will then have their mail addressed to Lancaster, R. F. D. 1, instead of Nina.

The blind tiger operator who thinks that Chief Herron is not on the lookout for him, reckons without his host. His vigilance in this direction is never relaxed; one cannot spring into existence and last for many days before it reaches the Chief's ears, and he appears neither sleep or money until the offender is in the clutches of the law. Cicero Humber a one legged coon was the last offender who thought he could get a little easy money by selling booze without exciting Mr. Herron's suspicions. He was promptly brought before Judge Harris who taxed him to the tune of \$60.00 and the costs.

A full attendance is requested at the W. C. T. U. Saturday as there is business of importance.

On Thursday Elder F. M. Tindler united in wedlock's holy bonds Ollie Lane and Miss Lillie May Edgington of Mt. Hebron.

The citizens of Stanford and the East Tennessee Telephone Co., are waging a merry war over rates and as a result a number of business houses have had their 'phones removed. Supt. Hall of the telephone company has announced his intention of making the company's investment in Lincoln pay eight per cent. this year instead of two per cent. as heretofore.

The Record is laboring untiringly and earnestly for the best interest of the citizens of the town and county, seeking to further their interests in what ever manner may lie within its power. During this year matters of vital interest are transpiring, of which you should know. The tobacco question is being constantly agitated, as well as other things of almost equal interest to the farmer. If you do not get your paper regularly and promptly let us know and we will endeavor to seek out and remedy the cause. If you do not take the Record, send us your subscription. You owe it to yourself and to your family to have the "home paper" visit you.

"Carrie Nation" Wise.

Proving true to the teaching of the temperance suffragette for whom she was named, "Carrie Nation," a mule owned by John Nichols, of Prohibition Swain County N. C. refused to further the cause of drink. Charles Woodson had borrowed Carrie to convey a package of liquor, and everything went along nicely until Charles took a drink, and, smelling the liquor, she threw him off, ferociously attacked the package and destroyed every bottle; then she quieted.

Odd Fellows Degrees To Be Exemplified.

On Monday night, January 23, Boone Lodge No. 1, I. O. O. F. of Louisville will give all Odd Fellows within reach of Louisville, one of the greatest treats that has been given in this section for many years.

On that night the 1st degree will be given to 100 candidates in the Army at Sixth and Walnut, Merrick Lodge No. 31 of Lexington, Kentucky by its degree team, will do the work. This team has gained a national reputation for good work in this degree. Every Odd Fellow Lodge in Kentucky and Southern Indiana has been invited and it is expected that fully 4000 members will be present. Special arrangements have been made with the Railroads and Interurban lines so that every member who wishes to attend can do so. Grand Sire Cockrum and W. H. Leedy, Grand Secretary of Indiana will be present. All the Grand Lodge Officers of Kentucky have been invited and will be present. Boone Lodge is the oldest lodge west of the Alleghany mountains, having been established February 10th, 1833, by Grand Sire Wildey, the founder of the order. From Boone Lodge came all of the older lodges in Louisville.

Boone Lodge also established the order in Indiana by instituting New Albany Lodge No. 1 in New Albany.

For these reasons Indiana members are particularly interested in this meeting, feeling that in the true sense the Mother is calling her children Home.

Good Roads and Rural Routes.

The Post-office Department has notified the postmaster at Livia, McLean county, that unless the roads on Livia R. F. D., route No. 2 are put in good order the route will be discontinued. This leads the Owensboro Inquirer to remark:

"The department requires that rural routes along which mail is distributed must be kept in good condition. If the department will only adhere to that requirement rigidly, it is going to do more than everything else to create a strong public sentiment in favor of permanently improved highways. Whenever the people learn that they can't have all the conveniences without paying something for them, they will not object to paying, especially after they have once enjoyed these conveniences, and must give them up or put up the money necessary to continue them. The man who delivers your mail at your doors every day should have the best road possible to travel, and any inexcusable neglect in the matter of providing them should mean a discontinuance of the service. Of course, there are times when dirt roads get in bad condition regardless of the amount of work that has been done on them, but due allowance is always made for that kind of emergency."

Possibly one of the reasons why Kentucky is far behind many other States in the number of its rural free delivery routes is because of bad roads. That is not the only reason, however, as in many sections of the State the people have been slow to appreciate the advantages of the system and have not taken the proper steps to have the routes established. The requirement that roads shall be kept in good condition is an entirely reasonable one and will be of great benefit in bringing about improvements, not only on existing routes, but on those hereafter to be created.

Pay up that dollar on The Record.

The local employees of the L. & N. were gladdened on Wednesday by the arrival of the pay car.

W. T. West has purchased of J. I. Hamilton the store room on the north side of the square, now occupied as a bowling alley.

Miss Bourdeaux Ferguson, of Winchester, and Mr. Thomas Newton Cotton of Garrard county were married at the home of the bride on January 11th.

Mrs. Adam Kelly underwent an operation at the Lancaster Hospital Wednesday morning for Appendicitis. She is getting along nicely as the Record goes to press.

Mary Leavell is now well equipped for Massaging, Manicuring, Shampooing and making braids. Solicits your patronage, guarantees satisfaction. Give home phone number next issue. 1-20-2t.

Painful Accident.

Miss Linnie Moss was called to Pineville by the news of the painful accident that has just befallen her cousin, Mr. Charley Simpson a worthy young man of twenty-one years of age who lives in that flourishing town. He was accidentally struck by a passing train and while badly hurt it is hoped it is not serious.

Laws.

Mrs. Wilton Laws the aged mother of Mrs. Rose Hibbard died after a general decline early Tuesday morning. The deceased was eighty five years old and met with quite a painful accident about Christmas when she fell and broke her hip, never recovering from the effects of the fall, this hastening her death a few weeks later. Besides her daughter Mrs. Hibbard, a son Mr. William Laws of Illinois survive her.

Sanders-Johnson.

Miss Beatrice Sanders and Mr. J. Sam Johnson were joined together in wedlock's holy bonds on Wednesday afternoon at five o'clock at the home of Rev. F. M. Tindler, that popular minister officiating. Miss Sanders is a very popular and attractive young lady and is a sister to Messrs. Coy and Lloyd Sanders. She is a daughter of Mr. Thomp Sanders of Stone, Ky. Mr. Johnson is a fine young business man and has many friends in this county. They are at home to their many friends at their residence on Danville street. The record wishes them both a long and happy life.

Cornelison.

Wallace Cornelison aged nineteen years, a stepson of Mr. James White, who lives just across the Garrard county line in Lincoln, while out rabbit hunting on Tuesday afternoon, struck at his dog with his gun when it was discharged the contents entering his leg. He was brought to the Lancaster Hospital, and notwithstanding the fact that several physicians worked with him all Tuesday night, he was so exhausted from loss of blood that he died on Wednesday morning about eight o'clock. His remains were taken to the home of his aunt, Mrs. Ella Bettis, where the funeral was conducted Thursday afternoon and his remains interred in the Lancaster cemetery.

Killing At Buckeye.

As we go to press this Thursday morning we hear that Mr. Irvin May was shot last night about eight o'clock by Mr. John Calico son of Mr. Marce Calico. Mr. May was shot through the head and died about one o'clock this morning. He made no statement before he died. It seems that there were four of them Irvin May, John Calico, Will Calico, and John Dailey in the crowd when the shooting took place and rumor has it that they were drinking. No arrests have yet been made. May was found in the road near Mr. John Bogies house and the other three had left him. Dan Ray and Will Noel found him and took him home where he died. He will be buried at Buckeye Friday.

LATER: Calico has given himself up and is now in jail. His examining trial will come up Saturday.

## Dairying Pays In Holland

on \$500 land; why will not Dairying pay in Garrard County on \$100 land?

Dairymen in Holland get about one cent per pound more for their butter than we in America, but this advantage is offset by the fact that they import their concentrates (bran and cottonseed meal) from America.

Dairying is progressive in character. It's possibilities increase with each succeeding year.

Dairying will not wear out your land, but will enable you to pass it on to your son in better condition than when you received it.

In dairying there are no trust, no cut-outs, no pools necessary, no off years.

Daidyibn is the ideal road to success. Let us show you.
